

Schweden: Camp North 2012:

Time: 28-july – 5 august
Maximum scouts/country: 30 scouts
Language: English
Who are invited: All countries
Accommodation: In tents

Outdoor life

Outdoor life is a key-stone in our activities. During a day we will guide you out in our beautiful nature to discover and investigate small and maybe big animals. With our right of public access we can wander around in the forests around the camp and if we get lucky maybe find enough blueberries to make a blueberry pie.

Forest day

The for-est is the most impor-tant indus-try in our region. The forest industry employs thou-sands of peo-ple with paper production and within sawmill industry. That's why you will dur-ing a day get to learn more about the amaz-ing for-est that is around us.

Campfire

To gather around the fire when the dark is falling is some-thing spe-cial. We're mixing campfire songs with sketches, practical jokes and together we'll create a wonderful night together.

Friendship games

Dur-ing the first day you will together with a friend get the chance to meet new scout friends from other parts of the world. You will have fun and exciting challenges to solve.

Reindeer horn & moose horn handicraft

Crafting with an exotic material. During a program time you have the opportunity to make a beautiful piece of jewellery or a new buckle in reindeer or moose horn.

Partynight – Disco

A real camp week is fin-ished with a camp party and a disco. This will be the last night with the new friends and you chance to e-mails, phone numbers and ... Maybe the night doesn't end until the sun comes up.
